<b>PRAVADA LLC</b>	<b>PRODUCT SAFETY SHEET</b> D.L.14.03.03. N.65;D.M. 07.09.02;LI136 GU UE	Mod.01 Em/Rev.01 DATE January 2017
--------------------	---	--

**Section 1: Identification of the Substance/Mixture and the Company / Undertaking**

**1.1 Product Name**

BODY FIRMING MILK LOTION

**1.2 Product Type**

Final Product

**Use of the preparation**

Personal beauty care products

**1.3 Company Identification**

PRAVADA LLC  
1501 Rail Head Blvd. Naples, FL 34110 USA  
PHONE: (1) -239 -260-9826

**1.4 Manufacturer**

PRAVADA LLC  
1501 Rail Head Blvd. Naples, FL 34110 USA  
PHONE: (1) -239 -260-9826

**Section 2: HAZARDS IDENTIFICATION**

**2.1 Classification of the substance or mixture**

This product is classified not dangerous according to 1999/45/CE Directive and the new cosmetic regulation 1223/09

**PRAVADA LLC**  
**1501 Rail Head Blvd.**

**BODY FIRMLING MILK LOTION** **PRODUCT SECURITY FILE**

Classification (1999/45/CE) Xi : R36  
Classification (1272/2008 CLP) ED12 H319

**Human Health**

**EYE:** May cause minor irritation on eye contact.

**SKIN:** Not expected to be irritating, sensitizing, photo allergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

**INHALATION:** Not expected to be irritating to the respiratory system. Limited inhalation exposure anticipated for this product form.

**INGESTION:** Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

**ENVIRONMENT:** This product is not expected to be hazardous to the environment.

**Physical and Chemical Hazards**

When handled correctly, undamaged units represent no danger.

**2.2 Label elements**

Risk Phrases	R36	Irritating to eyes
	H319	Irritating to eyes
Safety Phrases	S25	Avoid contact with eyes
	S25	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
	S46	If swallowed, seek medical advice immediately and show this container or label.
	S56	Dispose of this material and its container to hazardous or special Waste collection point.
	S64	If swallowed, rinse mouth with water (only if the person is Conscious).

**2.3 Other hazards**

**BODY FIRMING MILK LOTION**

**PRODUCT SECURITY FILE**

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

Classification as irritating results only by calculation and is not relevant under application conditions.

### SECTION 3: COMPOSITION /INFORMATION ON INGREDIENTS

The product is composed of:

Deionized Water, Aloe Barbadensis Leaf Juice, Vitis Vinifera (Grapeseed) Oil, Capric/Caprylic Triglycerides, Emulsifying Wax NF, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Helianthus Annuus (Sunflower) Seed Oil, Glyceryl Stearate, Phospholipids, Cetyl Alcohol, Cetareth-6, Stearyl Alcohol, Stearic Acid, Glycerine, Butyrospermum Parkii (Shea Butter), Glucine, Olive Squalane, Niacinamide (Vitamin B3), Tocopherol (Vitamin E), Ginkgo Biloba Leaf Extract, Olea Europaea (Olive) Leaf Extract, Aspalathus Linearis (Rooibos Red Tea) Leaf Extract, Camellia Sinensis (White Tea) Leaf Extract, Camellia Sinensis (Green Tea) Leaf Extract, Allantoin, Lactic Acid, Phenoxyethanol, Caprylyl Glycol.

Reach registration notes                      MSDS is in accordance with REACH regulation (EU) N°1907/2006

Composition comments

The data shown are in accordance with the latest EC Directives.

### SECTION 4 : FIRST AID MEASURES

#### 4.1 Description of first aid measures

##### General Information

Product does not have any specific health risk.

##### Inhalation

Not applicable.

##### Skin contact

Not applicable.

##### Eyes contact

**PRAVADA LLC**

**1501 Rail Head Blvd.**

**Naples, FL 34110 - USA**

**BODY FIRING MILK LOTION**

**PRODUCT SECURITY FILE**

Important! Immediately rinse with water for at least 15 minutes. Get medical attention if any discomfort continues.

**Ingestion**

Don't induce the vomit. Dilute the gastric content with water and contact a doctor.

**4.2 Most important symptoms and effects, both acute and delayed**

Inhalation.

No specific symptoms noted.

Ingestion

No specific symptoms noted.

Skin Contact

No specific symptoms noted.

Eye Contact

No specific symptoms noted.

**4.3. Indication of any immediate medical attention and special treatment needed**

No specific first aid measures noted.

**SECTION 5 : FIREFIGHTING MEASURES**

**5.1. Extinguishing Media**

Water spray, foam, dry powder or carbon dioxide.

**5.2. Special hazards arising from the substance or mixture**

Hazardous Combustion Products

None under normal conditions.

Unusual Fire & Explosion Hazards

No unusual fire or explosion hazards noted.

Specific Hazards

Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives.

**5.3. Advice for firefighters**

Special Fire Fighting Procedures

**BODY FIRING MILK LOTION**

**PRODUCT SECURITY FILE**

No specific fire fighting procedure given.  
Protective Measures In Fire  
Self contained breathing apparatus and full protective clothing must be worn in case of fire.

#### SECTION 6: ACCIDENTAL RELEASR MEASURES

6.1. Personal precautions, protective equipment and emergency procedures  
Domestic use: No applicable information.

6.2. Environmental precautions  
Not relevant considering the small amounts used.

6.3. Methods and material for containment and cleaning up  
Wear necessary protective equipment.

6.4. Reference to other sections  
Wear protective clothing as described in Section 8 of this safety data sheet. See section 11 for additional information on health hazards.  
Collect and dispose of spillage as indicated in section 13/3.

#### SECTION 7: HANDLING And STORAGE

7.1. Precautions for safe handling  
Read and follow manufacturer's recommendations.

7.2. Conditions for safe storage, including any incompatibilities  
Domestic use: Store in closed original container in a dry place. Bulk storage: Store in a cool and well-ventilated place.  
Storage Class  
Unspecified storage.

7.3. Specific end use(s)  
The identified uses for this product are detailed in Section 1.2.  
Usage Description : Apply all over the body, even neck in preferably in circular motion. It is better to use after shower or bath. Let it penetrate the skin and dry before before dressing or coming in contact with fabrics.

**SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION**

8.1. Control parameters

8.2. Exposure controls

Protective Equipment : EYE PROTECTION - GLOVES

Process Conditions

Use engineering controls to reduce air contamination to permissible exposure level. Provide eyewash station.

Engineering Measures

Provide adequate ventilation, including appropriate local extraction, to ensure that the defined occupational exposure limit is not exceeded.

Respiratory Equipment

Respiratory protection may be required.

Hand Protection

Bulk product: Protective gloves must be used if there is a risk of direct contact or splash.

Eye Protection

Bulk product: Use eye protection.

Other Protection

Bulk product: Wear suitable protective clothing as protection against splashing or contamination.

Hygiene Measures

Wash at the end of each work shift and before eating, smoking and using the toilet.

Personal Protection

Domestic use: This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

Skin Protection

Wear apron or protective clothing in case of contact.

**SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

**9.1 Information on basic physical and chemical properties.**

- |                        |                           |

## 9.2 Other Information

Not relevant

## SECTION 10 : STABILITY/REACTIVITY

### 10.1. Reactivity

No specific reactivity hazards associated with this product.

### 10.2. Chemical stability

Stable under normal temperature conditions and recommended use.

### 10.3. Possibility of hazardous reactions

Not applicable.

Hazardous Polymerisation

Not relevant.

### 10.4. Conditions to avoid

No specific conditions are likely to result in a hazardous situation.

### 10.5. Incompatible materials

Materials To Avoid

No specific, or groups of materials are likely to react

### 10.6. Hazardous decomposition products

None under normal conditions.

#### SECTION 11: TOXICOLOGICAL INFORMATION

##### 11.1. Information on toxicological effects

###### Toxicological Information

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

Additional information on toxicological endpoints is available from the supplier upon request.

###### Inhalation

No specific health warnings noted.

###### Ingestion.

No specific health warnings noted.

###### Skin Contact

No specific health warnings noted.

###### Eye Contact

Irritating to eyes.

###### Route of entry

Skin and/or eye contact. Ingestion. Inhalation

#### SECTION 12: ECOLOGICAL INFORMATION

##### Ecotoxicity:

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

##### 12.1. Toxicity

###### Acute Fish Toxicity

Not considered toxic to fish.

##### 12.2. Persistence and degradability

###### Degradability:

There are no data on the degradability of this product.

##### 12.3. Bioaccumulative Potential:

No data available on bioaccumulation.

12.4. Mobility in soil

Mobility:

Not relevant, due to the form of the product.

12.5. Results of PBT and vPvB assessment

This product does not contain any PBT or vPvB Substances.

12.6. Other adverse effects

Not applicable.

**SECTION 13: DISPOSAL CONSIDERATIONS**

General Information

Domestic use: Do not discharge product into natural waters without pre-treatment or adequate dilution.

13.1. Waste treatment methods

Dispose of waste and residues in accordance with local authority requirements.

**SECTION 14: TRANSPORT INFORMATION**

General

The product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID).

14.1. UN number

Not applicable.

14.2 UN Proper shipping name

Not applicable.

14.3 Transport hazard class(es)

Not applicable.

Transport Labels

No transport warning sign required.

14.4. Packing group

Not applicable.

14.5. Environmental hazards

Environmentally Hazardous Substance/Marine Pollutant

No.

14.6. Special precautions for user

Not applicable.

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Not applicable.

#### SECTION 15: REGULATORY INFORMATION

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Environmental Listing

No listing noted.

Guidance Notes

Classification as irritating results only by calculation and is not relevant under application conditions EU Legislation Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments. Commission Directive 2000/39/EC of 8 June 2000 establishing a first list of indicative occupational exposure limit values in implementation of Council Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work. Commission Directive 91/322/EEC of 29 May 1991 on establishing indicative limit values by implementing Council Directive 80/1107/EEC on the protection of workers from the risks related to exposure to chemical, physical and biological agents at work.

15.2. Chemical Safety Assessment

#### SECTION 16: OTHER INFORMATION

16.1 Product Validity

Product has a shelf life of a minimum of 24 months. Product should be used within 12 months after container is opened (PAO).

16.2 Instructions for Use: Apply to moistened skin with fingers or damp cloth. Apply to skin with light circular and massaging motion – avoiding direct contact with eyes. Rinse with clear, warm water. For best results follow with toner, serum, moisturizer and eye treatment. For best results use twice daily

**Other warnings:**

- For External use only
- Do not swallow
- Do not use if the container is damaged
- Keep away from children
- Do not dilute or drink directly from the container
